#### **LEMONCITO JEREMY**

a. Click Auto Report then provide a short explanation / interpretation on the generated reports.

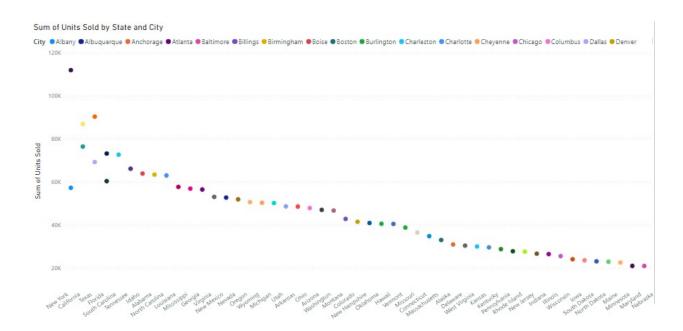

From the generated report we can visualize that the operating profit, total sales, units sold, and price per unit year and month status dramatically increased during January of 2021. There is a 396.33% Increase in operating profit between January 2020 and December 2021. This started on March 2021 where it is rising by 98.10% which is (\$ 14,300,239) in 9 months. During its massive jump the operating profit started from \$4,139,466 to \$16,185,404.

#### b. Which retailer had the highest Total sales?

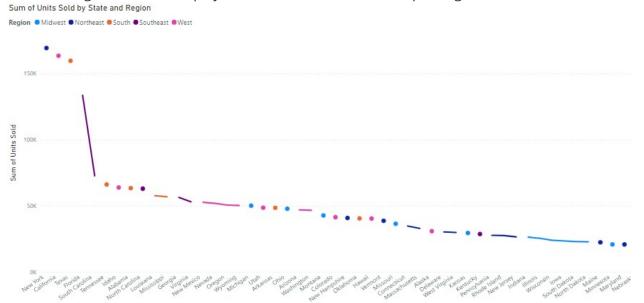

West Gear had the highest of total sales.

### c. Using a line chart, display the Units Sold for each City per State

### d. Using a line chart, display the Units Sold for each State per Region

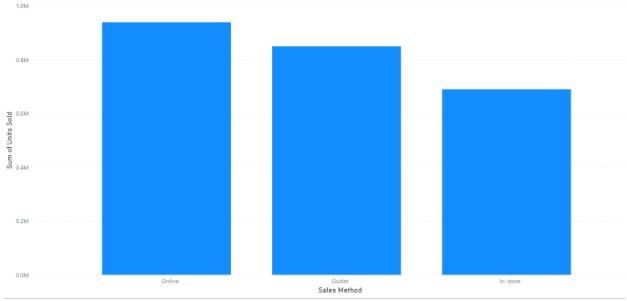

#### e. Identify which Sales Method is effective when comes to number of units so

Sales Method Sum of Units Sold

Total	2478861
In-store	689990
Outlet	849778
Online	939093
	*

### f. Display the sales for each Retailer, each Region, each State

Soum of Total Sales by Region, State and Retailer

Retailer Mamazon Froot Locker Kohl's Sports Direct Walmart West Gear
